CAREER OBJECTIVE

- A highly motivated student and seeking a challenging position in field where I can utilize my specific skills to contribute to the success of the company and further develop my career

SKILLS

- **Web Development** - HTML, CSS, Javascript, React Js
- **Programming Language** - JAVA

AREAS OF INTEREST

- Web Development

PROJECTS

Healthlink Pro: An Intelligent Integrated Doctor-Patient Relationship Management Platform

Developed a full-stack healthcare platform using the **MERN stack** with **secure authentication** and role-based access control (RBAC). Patients can book appointments, view bookings, and access prescriptions, while doctors can add prescriptions. Built a scalable **backend API** for seamless **client-server communication** and **optimized database** performance. Enhanced healthcare efficiency by streamlining administrative tasks and improving access to care.

Shopping Cart

Developed a dynamic shopping cart application using **React.js** and **React Router**. Implemented **state management** with **useContext** for efficient global state handling. Ensured a seamless **user experience** through optimized **event handling** and component-based architecture. Applied responsive design for cross-device compatibility.
